REMARKS

Present Status of the Application

The Advisory Action dated March 29, 2006 in response to the reply filed on March 17, 2006 had indicated that the proposed amendments filed after a final rejection will not be entered because the proposed amendments to claims 7 and 8 (contained in the reply filed on March 17, 2006) requires further search and/or considerations. Furthermore, the Office Action dated November 18, 2005 had indicated that claims 1-6 are allowed.

Upon entry of the claim amendments in this response, claims 1-6 are pending, as well as the claims 7 and 8 have been cancelled without prejudice or disclaimer in order to more explicitly describe the claimed invention. For at least the foregoing reason, applicants respectfully submit that claims 1-6 patently define over prior art of record and reconsideration of this application is respectfully requested.

Discussion for the cancelled claims 7 & 8

Although claims 7 & 8 have been cancelled, applicants plan to reserve the right to pursue the subject matter of the canceled claims in a divisional application or continuation application.
